

HUMANITY FOUNDATION

ANNUAL REPORT
2021 - 2022

A WORD FROM THE PRESIDENT

It is with immense honor and heartfelt pride that I address you on this meaningful occasion as we celebrate the outstanding achievements and unwavering commitment of the Humanity Foundation. As a non-governmental organization dedicated to empowering the visually impaired and differently-abled, our journey continues to be one of compassion, resilience, and impactful service.

According to recent data from the World Health Organization, 90% of the global visually impaired population resides in the world's poorest countries. India alone is home to over 20% of them. These figures highlight the urgent need for inclusive support systems. At Humanity Foundation, we are committed to ensuring that poverty does not become a barrier to the growth and development of individuals with disabilities.

Our focus lies in offering comprehensive support to underprivileged and visually impaired children across the country—especially those from economically weaker sections. We strive to provide them with access to essential resources including education, training, healthcare, and emotional support—everything they need to pursue a life of dignity and success.

The progress we've made would not have been possible without the steadfast support of our sponsors, donors, philanthropic trusts, and foundations. We are equally grateful to the countless individual donors whose generosity fuels our mission. A special note of appreciation goes to our dedicated volunteers who regularly visit our centers, offering their time and expertise to teach, read, and create accessible learning materials for our students.

As I present the Annual Report of the Humanity Foundation, New Delhi for the year 2021 - 2022, I extend my sincere thanks to all our stakeholders. Your enduring contributions and encouragement have been vital in helping us uplift and empower the differently-abled, ensuring they find their rightful place in an inclusive and equitable society.

Let us continue this journey of transformation—together.

RAJIV GUPTA
PRESIDENT

WHAT WE DO

- Humanity Foundation is a nationally recognized, registered non-profit organization committed to social welfare. Since 2003, we have been actively supporting underprivileged individuals and people with physical disabilities across Delhi.
- Our mission focuses on empowering visually impaired students by offering them free lodging, nutritious meals, healthcare services, vocational education, and computer training to help them lead independent and dignified lives.
- We are dedicated to addressing the educational and healthcare needs of visually challenged individuals, specially-abled children, and other marginalized groups.

OUR MISSION

- To serve as a driving force for lasting, positive transformation in the lives of differently-abled children and adults, adopting a holistic and developmental perspective.
- To recognize and harness the potential of individuals with disabilities, helping them apply their talents to become contributing members of today's society.
- To inspire and empower communities across the nation to take an active role in fostering inclusive progress, grounded in the belief that meaningful change begins with civic participation.

**“Optimism is the faith that leads to achievement.
Nothing can be done without Hope and Confidence”**

- Helen Keller

OUR VISION

- We strive to recognize and uplift individuals with physical challenges from all walks of life, promoting their development through personal, collective, and community-driven efforts.
 - Our goal is to expand our impact, offering holistic support and opportunities to a growing number of specially-abled individuals.
 - We envision a society where inclusion is the norm—free of bias—where people with disabilities are respected, valued, and empowered to live with pride and purpose.
- “We envision to grow our reach from 165 to 300 lives by 2025, providing comprehensive solutions to the specially-abled persons.”**

THE HEART OF OUR WORK

Organized a social media fundraiser titled "We Are Not Alone", raising over ₹50,000 during the COVID-19 pandemic. The funds were used to provide ration kits and clothes to underprivileged families affected by the crisis. This initiative helped bring relief to many and spread a strong message of community support during difficult times.

Sanitized 2,000 slum houses in East of Kailash and distributed 1,000 COVID-19 kits to residents in underserved areas. Conducted door-to-door awareness campaigns to educate people on COVID-19 prevention measures, promoting hygiene and safety. This initiative aimed to reduce infection risks and support vulnerable communities during the peak of the pandemic.

We Sponsored the medical treatment of 7 families affected by leprosy in East of Kailash, ensuring they received proper care, support, and access to necessary healthcare services during their recovery.

We distributed 500 books and stationary items to the children so that their study does get affected in this difficult time.

In case you are serving elsewhere, please arrange to furnish a release/ discharge letter from your present employer by that date.

1ST QUARTER HIGHLIGHTS

April 2021-June 2021

The beginning of this year brought unforeseen challenges with the outbreak of the novel COVID-19 virus. The pandemic spread rapidly, affecting countless lives across the country. In response to the growing crisis, the Government of India was compelled to impose a nationwide lockdown starting from the end of March, aiming to curb the transmission of the virus.

Amidst this critical situation, Humanity Foundation stepped forward with compassion and commitment to support the underprivileged sections of society. The organization launched a relief initiative to provide essential assistance to those in dire need during the lockdown period.

The Treasurer of the organization personally distributed groceries and clothes to poor women living in slum areas, ensuring their basic needs were met.

The Management of the organization extended their support to families affected by leprosy, distributing food items to help them sustain themselves during these difficult times.

Additionally, the Treasurer also provided crutches to physically challenged individuals who were in urgent need of mobility aids.

Through these heartfelt efforts, the Humanity Foundation aimed to bring hope, dignity, and relief to those most affected by the pandemic, reaffirming its mission of service to humanity in times of crisis.

HUMANITY FOUNDATION

2ND QUARTER HIGHLIGHTS

July 2021 - September 2021

As the pandemic situation persisted, so did our sense of responsibility and the initiative we had undertaken. Humanity Foundation remained steadfast in its mission to support and uplift the backward and underprivileged communities who were unable to afford food, clothing, and other essential items during these trying times.

Our President, Mr. Rajiv Gupta, along with his dedicated team, continued relief efforts by distributing clothes and food to the residents of slum areas located near C Block Market, East of Kailash, New Delhi – 110065.

The Management and Volunteers of Humanity Foundation further extended their care by distributing face wash creams to around 150 women in the same locality, promoting hygiene and well-being amidst the health crisis.

Throughout all these activities, our team strictly adhered to COVID-19 safety protocols. Every member wore masks, used sanitizers regularly, and maintained social distancing at all times—practices that are clearly evident in the photographs taken during the events.

3RD QUARTER HIGHLIGHTS

October 2021 - December 2021

As the COVID-19 pandemic gradually came under control, daily life and business activities began to resume. However, the need to follow safety guidelines remained essential. People were still required to wear masks, use hand sanitizers, and maintain social distancing to stay protected and prevent the spread of the virus.

In these times, Humanity Foundation remained fully committed to helping those in need. The organization continued supporting underprivileged families and individuals who were still facing difficulties in affording food, clothing, and other essential items.

A heartfelt initiative was carried out by students from Delhi University, who visited children from poor communities and spent meaningful time with them. They taught the children basic subjects like Math and English, helping them stay connected with education even during difficult times.

In addition to teaching, the students recited stories that the children greatly enjoyed. These stories carried important moral lessons, which helped the children learn values like kindness, honesty, and respect. The sessions were interactive, educational, and brought smiles to the children's faces.

The volunteers also explained how the children could protect themselves and their families during the pandemic. They emphasized simple yet crucial safety practices, such as wearing masks, washing hands frequently, and maintaining distance from others in public places.

At the end of the session, the volunteers and the NGO team distributed eatables, books, and small gifts to the children. These gestures brought joy and created lasting memories for the young ones.

Meanwhile, Humanity Foundation also organized a special training camp for physically disabled individuals. This camp focused on teaching useful life and digital skills to help them become more independent and confident. The participants learned how to read newspapers and books, and received basic computer training—including how to write documents, download and save media, and use a pen drive.

They also learned to search for information online, helping them connect with the world through technology. To ensure a warm and supportive environment, the NGO provided lunch every day for the attendees of the camp.

Through these combined efforts, Humanity Foundation continued to serve with compassion, dedication, and care. Whether it was children, women, or physically challenged individuals, the Foundation stood by them—offering education, support, and hope during testing times.

4TH QUARTER HIGHLIGHTS

January 2022 - March 2022

Keeping up the spirit of service and commitment, Humanity Foundation continued its efforts to support the underprivileged sections of society in every possible way. The organization remained active in providing not only essential items but also educational and creative opportunities to children from economically weaker backgrounds.

As part of this continued effort, volunteers from Jaipuria Institute of Management visited the Foundation to teach and interact with underprivileged students. These sessions were aimed at providing academic guidance and motivation, helping the children grow in confidence and knowledge.

To further encourage creativity and learning, the Management of Humanity Foundation organized a Drawing Competition. Many students participated enthusiastically, showcasing their artistic talents. Prizes were awarded to the winners, which brought great excitement and joy among the children.

Along with the competition, books and stationery items were distributed to all the participating students. These included pencils, erasers, sharpeners, scales, notebooks, paints, and drawing books. The children were delighted to receive these educational supplies, which will support their learning journey and inspire them to continue their studies with interest and enthusiasm.

Throughout the program, strict COVID-19 protocols were followed. All volunteers, staff, and students wore masks, used hand sanitizers, and maintained social distancing at all times. The children were also taught the importance of following these safety measures in their daily lives and were encouraged to share this knowledge with their parents and families to keep their communities safe.

Through this initiative, Humanity Foundation once again demonstrated its unwavering dedication to education, empowerment, and public health—proving that even small acts of kindness and awareness can make a lasting difference.
